EMPLOYMENT

Skilled Stage Technician/Production Audio/Head Audio

University of Florida Performing Arts; Gainesville, FL

2022 - Present

- Work closely with clients, performers and technical staff to achieve the desired production results.
- Set up and manage audio equipment such as microphones, speakers, and mixing consoles.
- Assist Broadway tour crews with load-in, setup, and strike for touring productions.
- Mix audio for live performances using Behringer X32 and DiGiCo S31.
- Troubleshoot audio issues by being familiar with the patchbay and signal flow.
- Use QLab for audio playback.
- Maintain audio equipment, perform regular checks, repairs, and updates as needed.
- Keep track of equipment inventory.
- Repair and build cables such as XLR, DMX, Cat5, Cat6, NL2, NL4, and PowerCon.
- Supervise and direct the stage crew to ensure they execute tasks efficiently.

- Manage the venue by liaising with clients and the production team.
- Assist with line array and backline setup.
- Assist with video screen and projector setup.
- Install, circuit and focus stage lighting fixtures.

Resident Sound Designer/Engineer

The Hippodrome State Theatre; Gainesville, FL

March 2025 - October 2025

- Sound design for main stage and second stage productions.
- Produce cue sheets, I/O lists and other paperwork needed for each production.
- Program and operate QLab.
- Record and edit audio for marketing usage such as radio commercials.
- Design ambient lobby music.
- Live mix performances and rentals as needed using Behringer X32.
- Ensure proper mic'ing of actors and musicians.
- Troubleshoot technical issues quickly during rehearsals and performances.
- Maintain and repair sound equipment.
- Make purchasing decisions for the sound department while staying within approved budgets.

Audio Technician

Heartwood Soundstage; Gainesville, FL

2022 - 2023

- Load in, set up, and strike all audio equipment for rehearsals and performances.
- Place and patch microphones, DI boxes, monitors, and speakers as required.
- Run cabling safely and neatly, following stage plots and input lists.
- Conduct sound checks with band members to ensure proper levels and monitor mixes.
- Operate the FoH or monitor mixing console during performances.
